EXPLORE THE SIGHTS AND SOUNDS

Itinerary

Sunday, February 17, 2008 - Seattle

Departure: Today we depart from Seattle's Sea-Tac Airport. Once we arrive in Los Angeles, we will pick up our bags and drive to our hotel, stopping for a quick lunch on the way. We will check into our rooms and spend the rest of the evening visiting some of the famous Hollywood attractions. **D**

Monday, February 18 - Today the band

will become a part of the Disney magic by performing at California Disney Adventure. After the performance students will get an opportunity to experience making the soundtrack of a Disney Cartoon with the help of one of the Disney music directors and band clinicians.

After the performance, clinic, and recording session, students will spend the rest of the day relaxing and enjoying the entertainment and rides that can only be found at Disneyland.

That evening, our group will go to a Liberty Band favorite, ESPN Zone for food and fun. **B, D**

Tuesday, February 19 - Today we wake up bright and early to make our way to one of the number one tourist stops in the Los Angeles area. Students will take part in all thrilling rides Six Flags Magic Mountain has to offer .

When the park closes, we will make our way back to the hotel stopping for dinner along the way. **B, D**

Wednesday, February 20 - Even though it is our last day in California, there are still a couple of other places we can visit before going to the airport.

Today we will visit Hancock Park and the La Brea Tar Pits, recognized for having the largest and most diverse assemblage of extinct Ice Age plants and animals in the world.

We will also pay a visit to the vast art collection only found in the Los Angeles County Museum.

When the tour is over, we will make our way back to the Los Angeles Airport and say goodbye to the City of Angles. When we return to Sea-Tac Airport, parents can pick up students at the baggage claim. **B**

The Educational Value
